

PURE FUN | PURE KNOWLEDGE | PURE FREEDOM

Internship Opportunity

Description

This internship opportunity will provide the *Pure Freedom* program with vital support in data management and data coding of student survey data. *Pure Freedom* is a Sexual Risk Avoidance Education program based on a community saturation model, serving thousands of students in over 14 counties across Northeast Missouri. Interns must be efficient, organized, resourceful, flexible, and function with strong communication and interpersonal skills. Strong oral and written communication skills exhibited through a friendly attitude are very important. This position is unpaid with a suggested weekly commitment of 4-8 hours weekly on Monday - Thursday beginning January 2020.

Internship Projects:

- Assist in data management for program evaluation
- Identify and match pre-survey and post-survey ID codes with corresponding data
- Code qualitative survey response data

Training and Support:

On-site training and support will be provided.

Position Reports to: Program Director, Amy Posterick
